Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The 2019 Annual Action Plan (AAP) is the fifth annual plan and update to the State of Arkansas 2015-2019 Consolidated Plan (Consolidated Plan), a five-year plan (2015-2019) addressing the State's housing and community development needs. Federal resources provided by the United States Department of Housing and Urban Development (HUD) that are discussed within the Plan include: Community Development Block Grant (CDBG); the HOME Investment Partnerships Program (HOME); Emergency Solutions Grant Program (ESG); Housing Opportunities for Persons with AIDS Program (HOPWA); and National Housing Trust Fund (NHTF, also known as HTF).

HUD Standard Form 424 (Application for Federal Assistance) is submitted as part of the plan to request federal funding for the State of Arkansas.

The CDBG Program is administered through the Arkansas Economic Development Commission (AEDC) and AEDC is the lead agency responsible for coordinating the development of the Consolidated Plan. The HOME program and NHTF are administered through the Arkansas Development Finance Authority (ADFA), the ESG program is administered by the Arkansas Department of Human Services, Office of Community Services (DHS), and the HOPWA program is administered by the Arkansas Department of Health, Division of Health (ADH). ADFA, DHS, and ADH work in conjunction with AEDC in developing the Consolidated Plan.

The HOME funds received by ADFA for the State exclude the entitlement cities Fort Smith, Little Rock, North Little Rock, and Pine Bluff, as these cities are responsible for distribution and administration of their own HOME award. HOPWA funds received by ADH for the state exclude the entitlement city of Little Rock, who is responsible for their own HOPWA award. Allocations are based on a formula. The formula is determined using a minimum funding amount for all regions, population base, poverty data, and pro-rata percent. The formal and funding process emphasizes equitable distribution as well as quality projects and programs.

The Arkansas 2019 Annual Action Plan affirms the goals and objectives of Title I of the Housing and Community Development Act of 1974, as amended, and the National Affordable Housing Act of 1990, as amended, which relate to major commitments and priorities of the four agencies. This complex set of goals can be compressed into three main areas that include:

- **Provide Decent Housing**
- **Provide a Suitable Living Environment**
- **Expand Economic Opportunity**

The state views this mandate as an opportunity to extend and strengthen partnerships among organizations in the public, private, and nonprofit sectors. Through this collaboration, AEDC, ADFA, DHS, and ADH hope to streamline approaches to meet these goals and effectively use limited resources. Arkansas anticipates receiving the following amounts in 2019.

CDBG: \$17,853,442

HOME: \$8,975,719

ESG: \$2,162,085

HOPWA: \$815,150

NHTF: \$3,000,000

Covering all areas of the State, except the cities of Conway, Fayetteville, Fort Smith, Hot Springs, Jacksonville, Jonesboro, Little Rock, North Little Rock, Pine Bluff, Rogers, Springdale, Texarkana, and West Memphis, the Annual Action Plan identifies a one-year action plan for program implementation. As CDBG Entitlement Areas, the cities listed previously receive funds for these programs directly, and are required to prepare and submit their own Annual Action Plans.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The State of Arkansas identified five priorities, which summarize the goals of the five-year Consolidated Plan.

The main priorities and objectives within the 2019 AAP include:

- Housing Priority Need
- Community Development Priority Need
- Economic Development Priority Need
- Homeless Services Priority Need
- HOPWA Services Priority Need

Through the development of the Consolidated Plan it was determined that there were three overarching objectives guiding the proposed activities that include:

- Provide Decent Housing
- Provide a Suitable Living Environment
- Expand Economic Opportunity

Outcomes were developed to show how programs and activities would benefit a community or the persons within a community served. The three outcomes that will illustrate the benefits of each activity funded by the CDBG, HOME, ESG, HOPWA, or NHTF programs are:

- Improved availability/accessibility
- Improved affordability
- Improved sustainability

The future activities funded within the next year will support at least one objective and one outcome as described above. The statutes for CDBG, HOME, ESG, HOPWA, and NHTF covered by the Consolidated Plan Rule include a number of basic goals discussed in the Housing and Community Development Act, as amended, and the National Affordable Housing Act, as amended. The framework for realizing these objectives and outcomes will be associated with the specific priorities, as noted above.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The State of Arkansas has been successful in its efforts to address the priority needs identified in the 2015-2019 Consolidated Plan. The state has worked hard to further the primary national CDBG objective of developing viable urban communities by providing decent housing, suitable living environments, and expanding economic opportunities, principally for low- and moderate-income persons (LMI). The projects selected by the state in FY 2019 address the priority needs identified in the state's 2015-2019 Consolidated Plan.

Specific details about past performance by the state on priorities covered by the 2015-2019 Consolidated Plan and strategies contained in Annual Action Plans are available through the state's Annual Performance reports that are submitted to HUD each year. The 2017 Consolidated Annual Performance and Evaluation Report was submitted to HUD on September 28, 2018 and is the most recent report submitted. The Report contains information regarding significant achievements in meeting the needs of Arkansans.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The State of Arkansas conducted one public hearing on housing and community development issues in order to allow citizens the opportunity to provide comments and input for the 2019 Annual Action Plan. The meeting, held in Little Rock, included presentations which focused on housing and community development strategies to address housing and community development needs throughout the state.

Prior to the meeting, notices were published in newspapers throughout the state and letters were mailed to local officials, economic developers, non-profit organizations, Planning & Economic Development Districts, and Continuum of Care's throughout the state, as well as other interested parties.

Additional information regarding the public meetings and comments will be available within the final 2019 Annual Action Plan.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The State of Arkansas conducted one public hearing on April 11, 2019 in Little Rock, to provide the public an opportunity to review the draft of the Annual Action Plan, and to receive oral comments. Twenty people were in attendance representing all areas of community and economic development, housing, and homeless needs areas.

6. Summary of comments or views not accepted and the reasons for not accepting them

AP-10 Consultation - 91.110, 91.300(b); 91.315(l)

1. Introduction

The State of Arkansas works with a wide variety of agencies, organizations, and service providers in an effort to bring various viewpoints to bear in the identification of local housing and service needs. Ongoing relationships focused on specific needs and targeted meetings designed to bring public input into the Consolidated Plan process are two of the ways that the state utilizes outside organizations in the consultation process.

Provide a concise summary of the state's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies

The state has ongoing relationships with many housing providers working on housing development activities. The state also works with the many public housing authorities across the state to utilize Section 8 vouchers from the federal government to address the housing needs of the state's lowest income households. Through the Continuum of Care (CoC) processes throughout the state, the State of Arkansas maintains relationships with mental health providers, homeless shelter and services providers, and local governmental agencies with specific responsibilities for homeless individuals and families. The state also participates in a variety of other coalitions that seek to address other issues that relate to housing and service needs.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

State staff works actively with the six Continuum of Care organizations in the state. Staff participates in regularly scheduled meetings. In the past, the state has provided administrative support to supplement CoC initiatives and distributed Emergency Solutions Grant (ESG) funding to the various agencies that make up the membership of the CoC organizations.

Describe consultation with the Continuum(s) of Care that serves the State in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The State of Arkansas supports a variety of housing and public service programs operated to service the homeless and special needs population. The efforts of the homeless coalitions, through the CoC process, have provided guidance on the needs of these communities. The process has resulted in a better understanding of the homeless and special needs community and their housing needs, enabling the

state to arrive at a set of goals and objectives. As required by ESG regulations, DHS meets annually with the CoC chairpersons to discuss the topics mentioned above. Results of those discussions are incorporated into the ESG Program.

A public notice was placed in the statewide newspaper, Arkansas Democrat-Gazette. The draft plans were also featured in two locations on the AEDC website. AEDC made additional efforts to increase non-traditional public participation in addition to notification methods used in the past, and will continue to develop additional innovative public awareness strategies.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Federal funds will be leveraged through the ability of service organizations to raise program funds through outside sources, other loan sources needed for housing development activities, the present value of forgiven property taxes for properties owned by non-profit housing providers, and the State's General Fund, where appropriate.

CDBG funds will be leveraged with other local resources within the General Assistance, Economic Development and Rural Services set-asides. CDBG resources are provided to units of local government for CDBG-eligible activities. A portion of resources is reserved for state administration and technical assistance funds that may not exceed 3% of the total base allocation plus \$100,000 as per 24 CFR 570.489(a). State recipients and sub-recipients may also receive administration funds for project delivery costs. Additional funds will be provided by AEDC as match to the CDBG allocation. This amount will fulfill the dollar for dollar matching requirement of the CDBG Program.

ESG provides funding to: Engage homeless individual and families living on the street; improve number and quality of emergency shelters for homeless individuals and families; help operate these shelters; provide essential services to shelter residents; rapidly rehouse homeless individuals and families; and prevent families and individuals from becoming homeless.

ESG funds may be used for five components, street outreach, emergency shelter, homeless prevention, rapid re-housing assistance, and HMIS as well as administrative activities (up to 7.5% of a recipient's allocation can be used for administrative activities).

DHS is required to provide a 100% match for the ESG grant. The requirement is passed on to sub-grant recipients and monitored through the submission of a Match Certification Form with each monthly sub-grant invoice. The first \$100,000 of the State's fiscal year grant is not required to be matched, and the state may pass this exception through to sub-grant recipients who are least capable of providing matching contributions.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

None currently identified. The state will continue to evaluate opportunities to use public lands for future development.

Discussion

The state has programmed more than \$32 million from the CDBG, HOME, HOPWA, ESG, and NHTF programs for the 2019 program year. These funds will be used to operate a range of private and public services as described later in the Annual Action Plan.

Table 7 – Funding Allocation Priorities

Reason for Allocation Priorities

The allocation priorities reflect input from participants in the forums and survey, staff consideration of past allocations, and needs as determined through the Needs Assessment.

How will the proposed distribution of funds will address the priority needs and specific objectives described in the Consolidated Plan?

The distribution of funds is directly correlated to the specific objectives described in the Consolidated Plan. Each goal of the Strategic Plan is addressed in the funding distribution, as are many, though not all, of the priority needs.

AP-30 Methods of Distribution – 91.320(d)&(k)

Introduction:

CDBG funds will be used for several activities authorized in Section 105(a) of the amended 1974 Housing and Community Development Act that meet national CDBG objectives. Projects are funded in order to meet at least one of three CDBG National Objectives that include: (1) benefit low- and moderate-income persons; (2) prevent or eliminate slums or blight; and (3) meet urgent community development needs. The state annually certifies that not less than 70% of the aggregate funds received during a 3-year period (as identified to HUD) shall be used for activities benefitting low- and moderate-income (LMI) persons.

CDBG funds are not specifically targeted to areas of minority concentration, but are distributed throughout the state's non-entitlement areas targeted for activities that serve LMI persons. Since projects funded with CDBG resources typically provide a community-wide benefit, it can be assumed that minority groups benefit equally in the same proportion as they occur in the general population.

The State Programs set forth within this Method of Distribution of the current CDBG allocation attempt to balance the need for providing jobs and suitable places to live. Funds are reserved in each category based on a percent of the total funds available for distribution to local governments. The state is allowed \$100,000 plus 3% of the state grant for administration and technical assistance in accordance with HUD regulations. The state is also allowed 3% of the program income received by units of general local government (whether retained by the unit of general local government or paid to the state) and funds reallocated by HUD to the state.

To achieve the most effective and efficient use of CDBG and ESG funds, AEDC and DHS may, at its discretion, use categorical adjustments. A categorical adjustment allows AEDC and DHS to reserve up to 25% of the total CDBG and ESG allocations for use as needed among categories. An adjustment of more than 25% of the total allocation, or the creation or elimination of a category, will be considered a substantial amendment to the Annual Action Plan and would require further steps as identified within the Citizen Participation Plan section of the Consolidated Plan. Adjustments may be made for remaining CDBG balances within a Category within the last 3 months following a 12-month Program Year in order to meet the HUD Timely Distribution requirement which requires the CDBG grant amount for a given Federal Fiscal Year to be distributed within a HUD required 15-month time frame.

For purposes of the Consolidated Plan and the Annual Action Plan, the overall CDBG Program includes activities within the Community

Development Priority Need, and the Economic Development Priority Need.

Funds will be distributed to eligible applicants for specific Community Development or Economic Development projects. All funding considerations will be made according to reasonableness of cost and assurance that the grant amount represents the smallest amount of financing needed to cover the gap between reasonable project costs and local funding capacity.

The state certifies that benefit to low- and moderate-income persons for the three-year periods beginning in 2015 (2015-2017, 2018-2020) will be equal to or greater than 70% and that no project claiming benefit to low- and moderate-income persons will be approved if the benefit calculated is less than 51%.

A description and details of each State Program will be identified below.

Distribution Methods

Table 8 - Distribution Methods by State Program

1	State Program Name:	Community Development - General Assistance
	Funding Sources:	CDBG
	Describe the state program addressed by the Method of Distribution.	Within the Public and Community Facilities, and Infrastructure Priority Need, CDBG funds will be utilized for public infrastructure and public facility projects. Within this Program CDBG funds will be utilized for and will generally be made available under the LMI Area Benefit or LMI Limited Clientele or Presumed Benefit National Objective measures. Funds are awarded for: residential water and wastewater; senior centers; child care centers; public health facilities; youth centers; accredited public libraries; removal of architectural barriers from city halls or county courthouses for accessibility; street, curb, gutter, sidewalk, or storm sewer; flood control and drainage; and, other public facility or infrastructure project determined to be a high priority, and not eligible to be funded under another CDBG program. For more information see Application Guidelines.

Describe all of the criteria that will be used to select applications and the relative importance of these criteria.	See Appendix B.
If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)	As noted above within the description of the criteria used to select applications, this information was a summary of the criteria. Complete information regarding the application criteria will be made available within the CDBG Application Guidelines and the General Assistance Application packet, when made available on the AEDC website. The Guidelines will provide specific details on the Application questions, deadlines for completing applications, threshold requirements, and any other necessary items. This information will be available on the AEDC website at: http://www.arkansasedc.com/grants .
Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)	N/A

Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only)	N/A
Describe how resources will be allocated among funding categories.	For the 2019 Program Year (PY), AEDC is considering funding public infrastructure and public facility projects with an anticipated \$6,398,446 in CDBG resources. The award amount is based on beneficiary data of the project area as well as the feasibility and need for the project.
Describe threshold factors and grant size limits.	Grant requests should range from a minimum of \$75,000 to a maximum of \$1,000,000 for specific types of projects, including design fees, although maximum awards may be based on project type, as designed upon release of program application package. Administrative fees will be added to the announced award amount. Additional project awards may be made throughout the year from the existing pool of applications as funds become available, including from unexpended funds from prior funding years, if eligible under that funding year's annual action plan. Technical assistance will be available.

	What are the outcome measures expected as a result of the method of distribution?	For water and wastewater funding, AEDC will be able to identify those areas that meet a CDBG National Objective and target those projects that are impacting the safety of our citizens. Through a collaborative effort with other funding agencies, AEDC is better able to leverage federal and state grant resources in order to obtain maximum impact. An estimated 7,000 people will benefit from these public infrastructure and public facility projects.
2	State Program Name:	Community Development - Rural Services
	Funding Sources:	CDBG
	Describe the state program addressed by the Method of Distribution.	Within the Public and Community Facilities and Fire Equipment Priority Need, CDBG funds will be utilized for community center, fire station, multi-purpose center, and fire truck and fire-fighting equipment projects. CDBG funds will be utilized for and made available under the LMI-Area Benefit National Objective measures. For more information see Application Guidelines.

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>The Arkansas Rural Development Commission will review Application and make recommendations for funding of projects to benefit rural communities with a population of less than 3,000 persons. Applicants should contact the Division of Rural Services to obtain an application for the Rural Services Block Grant Program (RSBGP). In order to receive funding from AEDC, the applicant must receive approval from the Arkansas Rural Development Commission. Up to \$1,000,000 of the annual CDBG allocation will be used for this category. Applications will be evaluated on:</p> <ul style="list-style-type: none"> • The extent to which the project will benefit low and moderate income persons and meet CDBG eligibility requirements; • The extent to which other funds will be used to leverage the grant funds proposed for the project; • Appropriateness of the project to Division of Rural Services-Rural Community Fire Protection Grant Program and the Rural Community Development Block Grant Program. Projects may include fire protection and multi-use community centers; • The applicant's readiness to proceed with the project; • Other criteria as defined in the application as prepared by the AEDC Division of Rural Services. <p>Note: legislation intends for priority to be placed on the use of CDBG funds for multi-use facilities that will offer combined facilities for programs commonly offered in separate facilities such as senior centers, public health centers, childcare centers and community centers.</p>

If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)	As noted above within the description of the criteria used to select applications, this information was a summary of the criteria. Complete information regarding the application criteria will be made available within the RSBGP. The Guidelines will provide specific details on the Application questions, deadlines for completing applications, threshold requirements, and any other necessary items. Describe how resources will be allocated among funding categories.	For the 2019 PY, AEDC will fund Rural Services projects in partnership with the AEDC Division of Rural Services and Rural Development Commission, with an anticipated \$1,000,000 in CDBG resources. The RSBGP award amount is based on beneficiary data of the project area as well as the feasibility and need for the project.

	Describe threshold factors and grant size limits.	Each project funded must meet the CDBG National Objective of benefiting low- to moderate-income (LMI) persons. Up to \$75,000 in CDBG funds may be awarded per project for project activity and direct project delivery costs combined; no more than 15% of the total award may be used for grant project administration. The match for this grant is 10% and may be comprised of in-kind labor, in-kind materials or cash.
	What are the outcome measures expected as a result of the method of distribution?	Approximately 3,000 people will benefit from these activities.
3	State Program Name:	Economic Development (ED)
	Funding Sources:	CDBG

<p>Describe the state program addressed by the Method of Distribution.</p>	<p>Within the Economic Development Priority Need, CDBG funds will be utilized for providing communities with resources to assist businesses which expand the State's economic base and which create quality jobs principally benefiting LMI employees and made available under the LMI CDBG National Objective criteria. Eligible activities will generally include: grants or loans to for-profit businesses (through the applicant community) for a variety of business purposes; or public facilities (infrastructure) projects undertaken by applicant communities for economic development purposes, where a benefiting business agrees to locate or expand premised on the infrastructure improvements and agrees to create jobs for LMI persons.</p> <p>AEDC shares the cost of project infrastructure needs by committing grants from state and federal infrastructure funds. The amount of assistance committed is dependent upon the strength of the company, number of jobs, average wage, project investment and costs associated with facility/site improvements.</p> <p>Funds may be used by eligible applicants to:</p> <ol style="list-style-type: none"> 1. Provide infrastructure necessary to serve the location of a new or expansion of an existing industry which will create new jobs or retain existing jobs; or 2. Provide loans to industry for economic development purposes when it can determine that the provision of such financing is necessary to create new jobs and/or retain existing jobs. Eligible activities for loans include, but are not limited to the following: acquisition, construction and equipment; or 3. Provide funds for the construction of facilities; or 4. Provide funds for a Commission-approved training program; or 5. Undertake any combination of 1 through 4 above, provided that all other requirements can be met.
---	---

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>Projects are generally evaluated through a cost benefit analysis process; and for basic eligibility, financial feasibility, appropriateness and the extent to which the project will result in the creation and/or retention of permanent jobs, primarily for low- and moderate-income persons. The Housing and Community Development Act (HCDA) and HUD's CDBG regulations outline basic project "underwriting" guidelines/standards so that State programs will achieve the federal objectives of the CDBG Program. The underwriting standards used in the Arkansas ED program are designed to address these federal guidelines.</p> <p>Application for Economic Development funds are reviewed according to the following process:</p> <p>Loans. Applications complete a four-step process:</p> <ol style="list-style-type: none"> 1. Review for eligibility and compliance with applicable requirements; 2. Evaluation of the business plan for appropriateness, feasibility, and credit worthiness; 3. Review and recommendation by the Arkansas Economic Development Commission; and 4. Decision made by the Commission's Executive Director. <p>Infrastructure. Applications complete a three-step process:</p> <ol style="list-style-type: none"> 1. Review for eligibility and compliance with applicable requirements; 2. Determination of appropriateness, feasibility, need, and recommended funding level; and 3. Decision by the Commission's Executive Director. <p>This information provided is a summary. Additional information will be available within the ED Program Guidelines.</p>

If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)	As noted above within the description of the criteria used to select applications, this information was a summary of the criteria. Complete information regarding the application criteria will be made available within the CDBG Economic Development Application Guidelines. The Guidelines will provide specific details on the Application questions, deadlines for completing applications, threshold requirements, and any other necessary items. 	Describe how resources will be allocated among funding categories.	For the 2019 PY, AEDC is considering funding economic development activities/projects with the anticipated \$9,819,393 of funding allocated to this Program. Other activities/projects will be funded from AEDC's CDBG Economic Development State Revolving Loan Fund (SF). There is no limitation on the number of economic development applications and/or active projects which an eligible applicant may have with the Commission except as limited by the requirements defined in the Method of Distribution. Approximately 55% of the 2019 allocation will be used for this category and 100% of any program income received by the Commission generated from economic development projects will be used to make additional projects through the State Revolving Loan Fund, with up to 3% of that being eligible to be budgeted for State Administration.
	Describe threshold factors and grant size limits.	AEDC shares the cost of project infrastructure needs by committing grants from state and federal infrastructure funds. The amount of assistance committed is dependent upon the strength of the company, number of jobs, average wage, project investment and costs associated with facility/site improvements. It is generally expected that CDBG grants will be a minimum of \$75,000, and there is no specific maximum grant size limit, although required to be considered is a company's ability to meet the public benefit standard per job to be created as a result of the grant funding.
	What are the outcome measures expected as a result of the method of distribution?	Through the Economic Development Program additional jobs will be created or retained throughout the state which will create additional opportunities for Arkansans, particularly those who are LMI. An estimated 500 people will benefit from these activities through the creation of jobs.
4	State Program Name:	Emergency Solutions Grant (ESG)
	Funding Sources:	ESG

Describe the state program addressed by the Method of Distribution.	State of Arkansas supports a variety of housing and public service programs to service the homeless and special needs population. The efforts of the homeless coalitions, through the Continuum of Care process, have provided guidance on the needs of these communities. The process has resulted in a better understanding of the homeless and special needs community and their housing needs, enabling the State to arrive at a set of goals and objectives. These goals and objectives are provided below, with performance goals for FY 2019 Annual Plan Budget \$2,162,085.

<p>Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only)</p>	<p>Emergency Solutions Grant Program funds are made available to non-profit organizations and to units of local government that develop and operate homeless shelters and/or provide supportive services to homeless persons and families. Funds are distributed statewide through a competitive Request For Proposals Application process in amounts based on applicant requests and funding availability.</p> <p>Application Process:</p> <p>All applicants must be non-profit agencies or units of local government and must be in good standing with the appropriate local Continuum of Care.</p> <ol style="list-style-type: none"> 1. The Department of Human Services will hold a meeting with the chairpersons of all six Continuum of Care (CoC) organizations in the state. The purpose of these meetings is to discuss gaps in service, agency performance for the previous year, development of performance standards for agencies, funding allocations, and data collection. Recommendations for funding for each CoC will be formulated. 2. A meeting identical to that mentioned above will be held with representatives of each entitlement city in the state. 3. Requests for Proposals will be posted on the DHS website, e-mailed to interested organizations and existing participating agencies, posted in each DHS county office, and announced in the Arkansas Democrat Gazette. 4. A workshop will be held to introduce potential applicants to the ESG Program, to educate applicants on DHS Policies and Procedures relating to ESG, to provide a detailed explanation of the application and grant award process, and to provide technical assistance to applicants. 5. Completed applications will be received by DHS by published deadline. 6. Applications will be screened by a screening committee appointed by the Assistant Director of the DHS Division of County Operations – Office of Community Services (DCO-OCS) and made up of representatives of various divisions of DHS. Each committee member will screen each application.
--	---

	<p>7. All applications meeting minimum standards for completeness and eligibility will be passed through by the Screening Committee for subsequent review and funding consideration.</p> <p>8. Each member of the DHS DCO-OCS staff will carefully review each application passed through by the Screening Committee and score each application against published scoring criteria.</p> <p>9. Scores from each reviewer will be averaged to a single numerical score for each applicant. That averaged score will be used to rank applicants and make final funding level decisions.</p> <p>10. DHS DCO-OCS will set funding targets for each ESG component based on available funding, and successful screening and review will not guarantee full or even partial funding. DHS DCO-OCS may set a cut-off score below which no applicant will be funded.</p> <p>11. A second workshop will be held for successful sub-grant recipients to review program requirements and discuss administration of the ESG Grant funds.</p>

Describe how resources will be allocated among funding categories.	<p>Of the \$2,162,085 from ESG, the state will designate \$10,810 to street outreach; \$497,280 to homelessness prevention; \$518,900 to rapid re-housing; \$972,938 to Emergency shelters; and \$162,156 will fund program administration.</p> <p>Upon approval from HUD, any remaining funding for FY 2017 (2017-2018 program year) will be redistributed in FY 2018 (2018-2019 program year). Any remaining funding for FY 2018 (2018-2019 program year) will be redistributed in FY 2019 (2019-2020 program year).</p>

	Describe threshold factors and grant size limits.	The amount of the grant that a sub-grantee may receive is depended on available funding for the categories in which funding is being requested. The percentage of funding per category is based on need identified throughout the state.
	What are the outcome measures expected as a result of the method of distribution?	Funding is expected to assist an estimated 2,000 individuals with homeless prevention services, 2,500 individuals with rapid re-housing, 5,000 individuals/families with shelter and shelter services, and 600 individuals with street outreach, totaling 10,000 individuals. Outcomes will be tracked on a monthly basis throughout the grant performance period. Performance indicators will be incorporated into the application scoring process during the next grant cycle.
5	State Program Name:	HOME Funding
	Funding Sources:	HOME

<p>Describe the state program addressed by the Method of Distribution.</p>	<p>The State of Arkansas receives HOME Funds through a formula allocation from HUD. ADFA is the designated agency that administers the funds allocated to the State. Under the HOME Program, ADFA is designated a “Participating Jurisdiction” or “PJ”. The local PJs in Arkansas include the Cities of Fort Smith, Little Rock, North Little Rock, and Pine Bluff.</p> <p>ADFA has broad discretion in administering the HOME Funds. ADFA may administer activities directly, allocate funds to units of local government, for-profit entities and non-profit entities, evaluate and fund projects, or a combination of the two approaches. ADFA allocates funds to various partners through their formal application process. Applications are accepted on a continual basis as per funding availability.</p> <p>ADFA allocates funds to units of general local government, including cities, towns, townships and counties. The funds are then administered by local governments for eligible HOME uses. ADFA may undertake jointly-funded projects with local PJs and may use HOME funds anywhere within the State including within the boundaries of local PJs. ADFA Programs funds allocated within a designated local PJ will be limited to down payment and closing costs assistance loans, CHDO Set-Aside projects, and joint Low-Income Housing Tax Credit/HOME developments. ADFA may also allocate funds to for-profit developers, housing non-profits and Community Housing Development Organizations (CHDO).</p>
---	--

<p>Describe all of the criteria that will be used to select applications and the relative importance of these criteria.</p>	<p>ADFA has set the following parameters regarding the amount of HOME Program Funds that can be allocated per applicant. NOTE: ADFA Board of Directors reserve the right to increase or decrease the maximum program allocation during the program year to meet HOME program requirements. Allocations are subject to availability of funds.</p> <ul style="list-style-type: none"> • Applicants must request a minimum of \$100,000 of HOME Program funds to be considered a HOME Program allocation (with the exception of TBRA projects). • The maximum amount that can be requested and allocated by ADFA is \$450,000 in HOME Program funds, subject to availability of funds. ADFA has established certain basic housing requirements to be used in the allocation of NHTFs, which are briefly described below.</p> <p>1. <i>Geographic Diversity</i> – ADFA anticipates allocating available NHTF to expand the Extremely Low-income (ELI) overall rental housing supply located throughout Arkansas.</p> <p>2. <i>Applicant Capacity</i> – Great consideration will be given to ability of the applicant to undertake and complete the construction of the proposed type of housing in a timely manner. The applicant must have the financial capacity to complete the proposed development and must provide a list of experienced development team members such as a general contractor, architect, property manager and legal counsel.</p> <p>3. <i>Rental Assistance</i> – Due to the targeted population of ELI, the ability to secure rental assistance so that rents are affordable to ELI families will be a major factor in the success of any proposed development.</p> <p>4. <i>Duration of Affordability Period</i> – All NHTF rental units must have affordability requirements for a minimum of thirty (30) years. Discussion:

The State Programs set forth within this Method of Distribution of the current CDBG, HOME, ESG, HOPWA, and HTF allocations attempt to balance the need for providing jobs and suitable places to live. Funds are reserved in each category based on a percent of the total funds available for distribution to local governments.

AP-50 Geographic Distribution – 91.320(f)

Description of the geographic areas of the state (including areas of low-income and minority concentration) where assistance will be directed

Projects created in response to the five federal funding programs, CDBG, HOME, HOPWA, ESG, and NHTF will be spread across non-entitlement communities throughout the state. The vast majority of the combined funding will be provided through individual benefit criteria, available to low-income individuals/households regardless of the demographics of the community in which they reside. A smaller portion, primarily funded through the CDBG Program, will address infrastructure and public facility concerns within CDBG eligible areas where more than 51 percent of residents earn less than 80 percent of the area median income. For CDBG, 50 percent of CDBG funding will be used in CDBG area benefit eligible areas.

Geographic Distribution

Target Area	Percentage of Funds
Statewide	83

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The proposed allocation of funds is based on federal funding requirements for each formula-allocated grant. Areas of low- to moderate-income concentration and certain areas of high minority concentration are targeted. Areas of low homeownership and deteriorating housing conditions were also considered in the targeting process.

Discussion

The distribution of funds by target area is projected to be primarily statewide due to use of funds for administrative, non-profit support, and individual benefit-oriented programmatic uses of the funds. The remaining funds are estimated to be spread through smaller CDBG-eligible areas.

AP-65 Homeless and Other Special Needs Activities – 91.320(h)

Introduction

The State of Arkansas is active in six Continuum of Care (CoC) organizations, addressing issues related to homelessness in the state. Funding for homeless projects and services are sourced primarily through that process.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The six CoC organizations, along with the coalition of local homeless service agencies covering the smaller communities in the state, conduct annual surveys of homeless individuals, including unsheltered persons. These surveys serve to help focus Continuum activities for the coming year, as well as provide documentation in response to HUD program requirements.

Addressing the emergency shelter and transitional housing needs of homeless persons

This Annual Action Plan includes ESG funding to address emergency shelter needs of homeless persons. Program goals include funding approximately 50 agencies per year, providing emergency shelter to 13,000 individuals/households per year. These funding and performance plans extend the full five years of this Consolidated Plan.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The state has a goal of funding at least one permanent housing project during the five-year span of this Consolidated Plan. The state will work with local agencies and organizations to identify and promote opportunities to invest funds for these activities.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving

assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The state is providing for services through ESG funding that address homeless prevention and rapid re-housing to help low-income individuals and families avoid becoming or remaining homeless. These programs include funding for rent assistance, essential services, first and last month rents, and utility payment assistance. An estimated 8,000 individuals/households will be assisted through these efforts statewide.

Discussion

The state, ESG subgrantees, and participants of the six CoC organizations work closely together to meet the needs of homeless individuals and families through the continuum of services coordinated through the partnership. A list of CofCs and subgrantees can be found in Appendix C.

Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	0

AP-75 Barriers to affordable housing – 91.320(i)

Introduction:

The State of Arkansas is not aware of any public policies that produce a negative effect on affordable housing and residential investment. There are numerous social and economic factors that affect the development of affordable housing in areas of the state, such as limited incomes requiring rents or prices below what could be supported by the market and NIMBYism, but these are not the result of public policies.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

N/A

Discussion:

There are no known public policy barriers to affordable housing development in Arkansas, though market factors do influence the ability to produce a range of housing to address all income levels. Most of these factors, including the cost of construction, price of developable land, and tenant/homebuyer incomes, are beyond the influence of the State of Arkansas. Where possible, the state provides or funds services that address market factors, such as job training and business development activities.

AP-85 Other Actions – 91.320(j)

Introduction:

The state currently provides a variety of services to the residents of Arkansas, some funded by CDBG, HOME, HOPWA, ESG and NHTF allocations, with private and State funding bringing additional assets to bear on these problems. Below are some of the actions currently performed by the state or subgrantees or under consideration in the future.

Actions planned to address obstacles to meeting underserved needs

The state will continue to look for new funding sources for programs to address underserved needs. Funding is the major obstacle in providing the services needed to focus on the vast variety of issues that prevent families from breaking out of poverty and from living in the best, most affordable housing possible.

Actions planned to foster and maintain affordable housing

The State of Arkansas provides funding through HOME for new single-family and multifamily housing development. The State also provides HOME funding both single-family and rental rehabilitation programs. State staff also manages the approximately \$8.2 million annual Low-Income Housing Tax Credit allocation for Arkansas.

Actions planned to reduce lead-based paint hazards

- Continue to meet HUD lead-based paint abatement standards in housing rehabilitation programs operated by subgrantee communities.
- Seek funding as it becomes available to provide testing and abatement of lead-based paint hazards in single-family housing where young children are present.
- Expand the stock of lead safe housing units through new housing initiatives.
- Seek funding as it becomes available to provide for testing, abatement, training, and educational awareness.

Actions planned to reduce the number of poverty-level families

The state will continue its efforts in conjunction with the six Continua of Care in Arkansas to reduce the number of poverty-level families through the development of services needed to assist those families with educational opportunities, job growth, and life skills training through the various social service

agencies operating in the communities across the state.

Actions planned to develop institutional structure

- Work with non-profit organizations to address community needs and provide support to federal and non-federal funding initiatives.
- Work with private industry to address important issues that hamper housing and community development efforts.
- Identify opportunities to create private/public partnerships for project finance and development to leverage federal funds.

Actions planned to enhance coordination between public and private housing and social service agencies

The state will continue to coordinate planning activities with subgrantees and private housing and social service agencies, including participation in Continuum of Care meetings, development of the Continuum of Care, and coordinate the enumeration of point-in-time and homeless surveys by continua throughout the state. State staff will also continue its participation in other coalitions and study groups as the opportunity arises.

Discussion:

These actions are primarily the continuation of what the state is currently doing in the various areas. No major obstacles in the institutional structure have been identified that need to be addressed. The state is also satisfied with its efforts to coordinate with private housing and social service agencies.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.320(k)(1,2,3)

Introduction:

The following provides details on program specific requirements for each of the five entitlement programs, Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), Housing Opportunities for Persons With AIDS (HOPWA), Emergency Solutions Grants (ESG), and National Housing Trust Fund (NHTF, also referred to as HTF).

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.320(k)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	2,000,000
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	2,000,000

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.320(k)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The state will continue to support the many efforts of the non-profits and social service provider agencies in the community in their efforts to obtain funding from various sources for their programs.

Many of these organizations receive private donations to sustain their programs, and most apply for funding on the federal, state, and local level.

The availability of federal funds would enhance any of the listed programs and would mean that more services, and housing, could be provided. Because of the scarcity of any type of funding, the state has been working with various organizations to try to develop programs that would increase the leveraging capacity of federal funding mechanisms so that more money would be available for other needed endeavors. Better use of the existing resources is a main concern of everyone.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

For homes purchased through HOME Program financed homebuyers assistance programs, ADFA has certified that it will assure that the initial purchaser receives a reasonable return on his/her investment at the time of the sale with the following provisions. ADFA shall agree to apply the following rate of appreciation to the homeowner's investment calculated by:

1. Adding purchaser's down payment;
2. The portion of his/her monthly payments which were applied to the principal; and,
3. The cost of documented major improvements which increased the value of the property.
4. In no case will ADFA assure the above when depreciation of the general housing market in which the property is located and/or depreciation of the property due to deferred maintenance, abandonment of the property, and lack of necessary maintenance results in an appraisal value less than the above appreciated value. Initial purchaser must sign an agreement of shared appreciation.

The sale of the property to the new low-income family must be at a price which allows for:

- A fair return on investment, including any improvements to the seller;
- The property must be affordable to the subsequent low-income purchaser.

The subsequent purchaser's affordable housing provision must remain in existence for a period of

no less than:

ADFA or its designee administering the HOME Program funds may exercise the right of purchase from the initial homebuyer. The price paid to the initial homebuyer by the entity exercising the right of purchase is the amount specified in a firm contract between the initial homebuyer and the proposed purchaser. A promissory note is required if the homebuyer purchases the unit under the HOME Program for less than fair market value (FMV). A promissory note must be executed between ADFA and the initial homebuyer in the amount of the difference between FMV and the actual sales price. Subsequent purchasers within the affordability period of the initial sale must sign a new promissory note and mortgage.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

ADFA will recapture that portion of HOME Program investment unforgiven during the affordability period or recapture the maximum net proceeds from sale of property (whether recapture is effected through foreclosure or no foreclosure action). Net proceeds will be used to: (1) Reimburse the HOME Program (approved activity) for the outstanding balance of HOME funds not repaid or forgiven during the applicable affordability period at the time of recapture; (2) Reimburse the HOME Program (administration) for “holding costs” or other costs associated with the recapture action (legal fees, insurance, taxes, realtor fees, appraisal/BPO costs, etc.). In the event net proceeds are less than the outstanding balance of HOME funds invested in the property (for all approved activities and holding costs incurred), the loss will be absorbed by the HOME Program and all HOME Program requirements would be considered to have been satisfied. If net proceeds recaptured are greater than the outstanding balance of HOME funds invested in the property (for all approved activities and holding costs incurred), the balance of net proceeds would be distributed to the homeowner (or his/her estate). If the recapture of proceeds is effectuated through a completed foreclosure action, and the property is legally owned by ADFA, the balance of net proceeds recaptured will inure to ADFA.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The State does not intend to use HOME funding for this purpose.

**Emergency Solutions Grant (ESG)
Reference 91.320(k)(3)**

1. Include written standards for providing ESG assistance (may include as attachment)

Currently funded agencies or those who have received prior funding from the Office of Community Services of the Department of Human Services will be evaluated on past performance in carrying out programmatic activities and contractual compliance. Factors such as agency ability to meet service delivery goals, timely expenditure of funds, timely reporting, accuracy of reporting, ability to meet audit requirements, and other programmatic and fiscal contractual requirements will be considered. These other factors will be considered in conjunction with the proposal score in developing an overall recommendation for agency funding.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The six Continuum of Care organizations have developed Centralized Assessment Systems to screen potential clients for referral to the most appropriate assisting agency.

Congress has directed HUD to improve the collection of data on the extent of homelessness locally and nationally. Communities must collect an array of data including an unduplicated count of homeless persons, analyze their patterns of the use of the McKinney-Vento and other assistance, including information on how they enter and exit the homelessness assistance system and assess the effectiveness of that assistance. Through the Federal Register Notice, the Emergency Solutions Grants Program and Community Development Block Grants were made a part of this mandate. Therefore, all proposed projects/organizations must provide written certification of their participation in an existing HMIS.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The Emergency Solutions Grants Program (ESG) in Arkansas is administered by the Arkansas Department of Human Service (DHS), Division of County Operations - Office of Community Services (DCO-OCS). Sub-grants are offered statewide using a Request for Proposal process in amounts based on applicant requests and funding availability. All applicants must be either a unit of local government or a local non-profit agency, including community and faith-based organizations, having the written concurrence of the appropriate unit of local government, and successful applicants must

be an active member of in good standing with the appropriate local Continuum of Care organization.

Requests for Proposals are posted on the DHS website and e-mailed to interested organizations and existing participating agencies.

A workshop is held to introduce potential applicants to the ESG Program, to educate applicants on DHS Policies and Procedures relating to ESG, to provide a detailed explanation of the application and grant award process, and to provide technical assistance to applicants. The open application period is 30 days.

Completed applications that are received by DCO-OCS by the published deadline are screened by an ad hoc ESG Screening Committee appointed by the Assistant Director of DCO-OCS and consisting of five representatives drawn from various divisions of DHS. Each committee member screens each application. All applications meeting minimum standards for completeness and eligibility are passed through the ad hoc ESG Screening Committee for subsequent review and funding consideration.

Each member of the DCO-OCS staff reviews each application passed through by the ad hoc ESG Screening Committee and score each application against published scoring criteria. Scores from each reviewer are averaged to a single numerical score for each applicant. That averaged score is used to rank applicants and make final funding level decisions.

DCO-OCS complies with the expenditure limits of §576.100(b) by setting funding targets for each ESG component based on available funding, and overall allocations are held to these targets. Successful screening and review of an application does not guarantee full or even partial funding. DCO-OCS may set a cut-off score below which no applicant will be funded.

The release of funds is contingent upon the applicant successfully completing the DHS Grant Agreement process, signing all certifications and assurances as required by law, and successful completion of the Environmental Review process.

Sub-grant recipients are monitored annually to ensure compliance. Funding can and will be stopped if they fail to meet the obligation as outlined in their Grant Agreement.

- 4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.**

DCO-OCS complies with this requirement by making sub-grant awards only to those recipients who

have homeless, formerly homeless, or persons at risk of homelessness on their Board of Directors, or who actively solicit input from such person prior to each Board of Directors meeting.

5. Describe performance standards for evaluating ESG.

Sub-grant recipients operate on a budget approved by DCO-OCS. This budget projects program outcomes for individuals or families assisted with ESG funds. Monthly reports submitted by the sub-grant recipients document all services provided and activities performed. This data is compared against projections to monitor performance by demographic and geographic baselines.

Sub-grant recipients are required to use a Homeless Management Information System (HMIS or equivalent local information technology system) to collect client-level data. This data is used to determine how well programs are meeting the objectives of ESG.

If distributing HTF funds through grants to subgrantees, describe the method for distributing HTF funds through grants to subgrantees and how those funds will be made available to state agencies and/or units of general local government. If not distributing funds through grants to subgrantees, enter "N/A".

3. If distributing HTF funds by selecting applications submitted by eligible recipients,

a. Describe the eligibility requirements for recipients of HTF funds (as defined in 24 CFR § 93.2). If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

In accordance with the requirements of Section 93.2, eligible recipients are defined as follows: an organization, agency or other entity (including a public housing agency, or a for-profit entity or a non-profit entity) that receives NHTF assistance from a grantee as an owner or developer to carry out an NHTF-assisted project. A recipient must make acceptable assurances to the grantee that it will comply with the requirements of the NHTF program during the entire period that begins upon selection of the recipient to receive NHTF funds, and ending upon the conclusion of all NHTF-funding activities. A recipient must demonstrate the ability and financial capacity to undertake, comply, and manage the eligible activity; and demonstrate its familiarity with the requirements of other Federal State, or local housing programs that may be used in conjunction with NHTF funds to ensure compliance with all applicable requirements and regulations of such programs. The recipients must have demonstrated experience and capacity to conduct an eligible NHTF activity as evidenced by its ability to design, construct, own, manage, operate, and market affordable multi-family rental housing. ADFA will measure these requirements per methods listed in ADFA's Annual NHTF Allocation Plan and per documents submitted with the application (<https://adfa.arkansas.gov/files/>). No NHTF application will be processed for any applicant or related entity which is not in good standing with ADFA and any other State housing finance authority, the Arkansas Economic Development Commission (AEDC), HUD, USDA Rural Development, or VA. An applicant can be denied consideration of the NHTF funds if the applicant or its related parties have a history of payment delinquencies, bankruptcy, foreclosure or activities determined to be unsound or unlawful. ADFA will distribute NHTF by directly selecting applications submitted from eligible recipients and will not use sub-grantees. "Eligible Applicant" consists of the "Development Team" who will construct new rental housing (single family or multi-family units) or rehabilitation of existing units. "Development Team" means the applicant, consultant, contractor, architect, accountant, property manager, and attorney.

b. Describe the grantee's application requirements for eligible recipients to apply for HTF funds. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

ADFA will evaluate each application to determine which projects should receive an award of NHTF (also referred to as HTF) funds. All applicants must submit an application with supporting documentation, including evidence sufficient to ADFA that the applicant's proposed project, at a minimum, meets all of the housing priority factors in order to be considered for funding. Funds will be awarded, based on the application (at a minimum) meeting the general NHTF requirements and the total score of the application. Once ADFA has determined that the application meets or exceeds all requirements, ADFA will award funds to the highest-scoring projects until all NHTF funds have been allocated. There is no minimum score.

c. Describe the selection criteria that the grantee will use to select applications submitted by eligible recipients. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

ADFA's selection of eligible recipients will be based upon those applicants achieving the highest scores, and awarded in that order, until funds are depleted. The reviewing underwriter will score each application, using the Scoring Matrix and criteria outlined in the NOFA-RFP (see attachments). All required application documents (<https://adfa.arkansas.gov/files/>) should be submitted with original signatures, legible and complete, and with all required third-party documents. ADFA will post the NHTF (also referred to as HTF) application checklist and instructions for the complete list of the application cycle. All applicants must comply in all respects with ASTM E157-13 (the "ASTM Standards") as to content and adhere to ADFA's Environmental Policy Requirements for purposes of determining whether the property is environmentally suitable for construction of residential housing. ADFA may, within its discretion, deny applications based upon the unreasonableness of costs, regardless of whether the costs per-unit complies with the maximum costs per-unit limitation. Upon request by ADFA staff, applicants may provide justification and supporting documentation.

d. Describe the grantee’s required priority for funding based on geographic diversity (as defined by the grantee in the consolidated plan). If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

Applications received for any project within the State of Arkansas will be underwritten and scored. In the event of a tie, the tie breaking system described in the ADFA NHTF Allocation Plan will be used.

Construction costs do not vary much in Arkansas for different areas of the State. Some regions do require a soils report and more foundation work. At the time of ADFA underwriting of each application, the costs are thoroughly reviewed and adjusted for under-estimates or excessive costs. ADFA uses discretion to determine the reasonableness of all costs stated in the proposed development budget regardless of whether the costs per-unit comply with the maximum costs per-unit limitation set forth in the ADFA NHTF Allocation Plan. ADFA may, within its discretion, deny applications based upon the unreasonableness of costs, regardless of whether the costs per-unit complies with the maximum costs per-unit limitation. Upon request by ADFA staff, applicants may provide justification and supporting documentation of costs. ADFA will review the items submitted and make a final determination. ADFA's determination will be set forth in writing as to whether the application will be further considered or rejected.

e. Describe the grantee’s required priority for funding based on the applicant's ability to obligate HTF funds and undertake eligible activities in a timely manner. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

The ADFA NHTF Scoring Matrix gives up to 10 points for the applicant's ability to meet deadlines in a timely manner, based upon past history with ADFA, or letters of support from other stakeholders (banks, government agencies, or local authorities), or documentation submitted in the application evidencing efficient use of time in meeting deadlines on past projects. Construction must be started within 6 months from award date, with completion of the project by 18 months from the start date of construction.

f. Describe the grantee’s required priority for funding based on the extent to which the rental project has Federal, State, or local project-based rental assistance so that rents are affordable to extremely low-income families. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

The ADFA NHTF Scoring Matrix gives up to 10 points for applicants with projects that have secured Federal or State of loan project based (PBRA) and/or voucher(s) for rental assistance so that rents are affordable to ELI Veterans. A funding priority of up to 10 points will be given to applicants that have a commitment from other non-federal sources. To qualify for points for receiving additional subsidies, the funds may be loaned, with repayment required, or granted during construction and/or as a permanent source of funds.

10 points - Greater than 75% per unit

7 points - 50% to 75% per unit

5 points - Greater than 25% per unit

g. Describe the grantee’s required priority for funding based on the financial feasibility of the project beyond the required 30-year period. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

The ADFA NHTF Scoring Matrix gives up to 10 points for projects that demonstrate the ability to remain financially feasible five (5) years beyond the required thirty (30) year period. The longer affordability

term is more desirable, to promote affordable housing for a longer period of time.

h. Describe the grantee's required priority for funding based on the merits of the application in meeting the priority housing needs of the grantee (such as housing that is accessible to transit or employment centers, housing that includes green building and sustainable development features, or housing that serves special needs populations). If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

The ADFA NHTF Scoring Matrix gives up to 10 points to applicants demonstrating an ability to meet the needs of beneficiaries by means of proximity to Veteran medical facilities, support services, public transportation, grocery stores, and metropolitan centers giving preferential consideration to jobs for Veterans.

Also, the ADFA NHTF Scoring Matrix gives up to 10 points for targeting rental housing needs for ELI Veterans who are not only Veterans, but are homeless (or at risk of becoming homeless), those with special needs, individuals leaving correctional institutions, and those with mental health issues. The applicants must identify this population needing assistance in their service area and should specifically address the needs (housing and services) of this population. They should use quantifiable data, specific to their service area, to the maximum extent possible. Data should include the number of individuals and families actually serviced during the last calendar year as well as specific services provided.

i. Describe the grantee's required priority for funding based on the extent to which the application makes use of non-federal funding sources. If not distributing funds by selecting applications submitted by eligible recipients, enter "N/A".

The ADFA NHTF Scoring Matrix gives up to 10 points for leveraging of non-federal resources and the extent to which the applicant makes use of non-federal funding sources. Non-federal resources may include funds from state, local publicly controlled funds, private funds of in-kind commitments and/or land donated by state or local government to achieve deep affordability for ELI households.

4. Does the grantee's application require the applicant to include a description of the eligible activities to be conducted with HTF funds? If not distributing funds by selecting applications submitted by eligible recipients, select "N/A".

Yes

5. Does the grantee's application require that each eligible recipient certify that housing units assisted with HTF funds will comply with HTF requirements? If not distributing funds by selecting applications submitted by eligible recipients, select "N/A".

Yes

6. Performance Goals and Benchmarks. The grantee has met the requirement to provide for performance goals and benchmarks against which the grantee will measure its progress, consistent with the grantee's goals established under 24 CFR 91.315(b)(2), by including HTF in its housing goals in the housing table on the SP-45 Goals and AP-20 Annual Goals and Objectives screens.

Yes

7. Maximum Per-unit Development Subsidy Amount for Housing Assisted with HTF Funds. Enter or attach the grantee's maximum per-unit development subsidy limits for housing assisted with HTF funds.

The limits must be adjusted for the number of bedrooms and the geographic location of the project. The limits must also be reasonable and based on actual costs of developing non-luxury housing in the area.

If the grantee will use existing limits developed for other federal programs such as the Low Income Housing Tax Credit (LIHTC) per unit cost limits, HOME's maximum per-unit subsidy amounts, and/or Public Housing Development Cost Limits (TDCs), it must include a description of how the HTF maximum per-unit development subsidy limits were established or a description of how existing limits developed for another program and being adopted for HTF meet the HTF requirements specified above.

The Maximum Per-unit Development Subsidy Amount of Housing Assisted with NHTF funds, described in Appendix D, is based upon guidelines from ADFA's Minimum Designed Standards, also in Appendix D.

8. Rehabilitation Standards. The grantee must establish rehabilitation standards for all HTF-assisted housing rehabilitation activities that set forth the requirements that the housing

must meet upon project completion. The grantee's description of its standards must be in sufficient detail to determine the required rehabilitation work including methods and materials. The standards may refer to applicable codes or they may establish requirements that exceed the minimum requirements of the codes. The grantee must attach its rehabilitation standards below.

In addition, the rehabilitation standards must address each of the following: health and safety; major systems; lead-based paint; accessibility; disaster mitigation (where relevant); state and local codes, ordinances, and zoning requirements; Uniform Physical Condition Standards; and Capital Needs Assessments (if applicable).

ADFA would comply with all rehabilitation standards.

9. Resale or Recapture Guidelines. Below, the grantee must enter (or attach) a description of the guidelines that will be used for resale or recapture of HTF funds when used to assist first-time homebuyers. If the grantee will not use HTF funds to assist first-time homebuyers, enter "N/A".

N/A

10. HTF Affordable Homeownership Limits. If the grantee intends to use HTF funds for homebuyer assistance and does not use the HTF affordable homeownership limits for the area provided by HUD, it must determine 95 percent of the median area purchase price and set forth the information in accordance with §93.305. If the grantee will not use HTF funds to assist first-time homebuyers, enter "N/A".

Any limitation or preference must not violate nondiscrimination requirements in § 93.350, and the grantee must not limit or give preferences to students. The grantee may permit rental housing owners to limit tenants or give a preference in accordance with § 93.303(d)(3) only if such limitation or preference is described in the action plan.

N/A

12. Refinancing of Existing Debt. Enter or attach the grantee's refinancing guidelines below. The guidelines describe the conditions under which the grantee will refinance existing debt.

The grantee's refinancing guidelines must, at minimum, demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing. If the grantee will not refinance existing debt, enter "N/A."

N/A

Discussion:

The state strives to meet all program specific requirements as detailed in the enabling legislation and program guidelines. State staff will work with award recipients to ensure that these requirements are met and will oversee internal operations towards the same goal. If HUD's 2019 HTF Allocation amount is different than what has been planned for, ADFA will adjust the number of units to be built accordingly.

- **General Assistance Program Scoring Criteria Matrix**

General Assistance Program Scoring Criteria Matrix

Below is the Scoring Criteria Matrix for the General Assistance Program, for public infrastructure and public facility projects (non-water/wastewater). The Matrix describes each selection criteria as a numerical score within the General Assistance Program. The maximum number of points available within any application is 100 points.

1: PROJECT NEED: The application narrative shall be scored for: (a) explanations of the overall purpose of the project application and factual information that illustrates the severity of the problems or needs; (b) past efforts to resolve the problem and meet the local needs; and (c) stated goals and objectives for resolving the problem or need with a description of how the community will be included in the citizen participation process in order to determine the objectives for problem resolution.

2: PROJECT IMPACT: The importance of project activities to the community and clarity on how the project will benefit those identified by a CDBG National Objective. The applicant should explain what the expected outcome of the project will be and why the community will be uniquely impacted by project completion.

3: PROJECT READINESS: The level of capacity and commitment by the community will be scored as compared to other applicants.

4: CITIZEN PARTICIPATION: Applicant's description of public participation and the process used to identify community needs and allocate resources to address needs.

5: FUNDING LEVERAGE: Local funds provided by the community committed to the project's non-administrative activities as a ratio to the grant funds requested.

6: LMI Benefit: This scoring category is designed to give points to communities with higher concentrations of LMI persons.

Item 7: Bonus Points: Capacity and how project will reduce inefficiencies in the community

Applicants anticipating the use of federal and/or state administered funds in order to finance water or wastewater improvements must apply with the Water Wastewater Advisory Committee (WWAC). Four state agencies, one federal agency, and one non-profit partner in support of water and wastewater services: Arkansas Department of Environmental Quality; Arkansas Department of Health; Arkansas Economic Development Commission; Arkansas Natural Resources Commission; U.S. Department of Agriculture - Rural Development; and Communities Unlimited. The WWAC

provides project development guidance and recommends project financing to communities through its application process.

Representatives from the member agencies meet the first Wednesday of each month to review pre-applications for water/wastewater projects. The WWAC meetings are open to the public, and potential applicants may attend the meetings. Projects have to be submitted the WWAC by the 15th of a month to make the agenda for the next meeting. The application process includes submitting a WWAC pre-application with information regarding a Preliminary Engineering Report (PER).

AEDC Grants Division staff will review potential water/wastewater applicants according to the following selection criteria:

Project Need, with priority given to projects with urgent health or environmental needs.

Project Solution. Proposed solutions will be evaluated for the degree to which they are long term; appropriate in terms of capacity, sizing, and demand for the community, as well as technical, operational and financial aspects of the project. Solutions must alleviate high priority needs. Applicants must have a reasonably projected user fee.

Project Readiness. Projects will be reviewed for the extent to which matching funds have been secured (binding commitments obtained, local funds budgeted, etc.), and realistic schedules are provided to: secure necessary property and easement rights, complete environmental review that complies with CDBG and NEPA requirements, complete final design plans and bid specifications, complete review and obtain approval by other agencies of all permits necessary to complete project, start, and complete construction.

Cost Effectiveness. The cost per person benefitting will be calculated for each project.

**ARKANSAS DEVELOPMENT FINANCE AUTHORITY
NATIONAL HOUSING TRUST FUND
OPERATIONS MANUAL**

THE NATIONAL HOUSING TRUST FUND

- ❖ The National Housing Trust Fund (NHTF) is a new affordable housing production program that will complement existing federal, state and local efforts to increase and preserve the supply of decent, safe and sanitary affordable housing for extremely low-income (ELI) households, which are defined as households at or below 30% of area median income (AMI).
- ❖ Per 24 CFR 93.250(a), in any fiscal year in which the total amount available for allocation of NHTF funds is less than \$1 billion, ADFA will use 100% of its NHTF grant for the benefit of
 - ELI families or
 - Families with incomes at or below the poverty line (whichever is greater).
- ❖ As specified in its enabling legislation, Grantees, like the Arkansas Development Finance Authority (ADFA) in its role as the designated administrator of NHTF funds for the State of Arkansas (State),
 - Must use at least eighty (80) percent of each annual grant for rental housing,
 - May use up to ten (10) percent of each annual grant for homeownership housing, and
 - May use up to ten (10) percent of each annual grant for the grantee's reasonable administrative and planning costs.
- ❖ All applicable affordability periods must be followed:
 - All NHTF-assisted rental housing must meet a minimum affordability period of thirty (30) years.
 - All NHTF-assisted homeownership housing must meet the minimum affordability period of 10, 20 or 30 years based on the amount of NHTF invested in the unit.

ADFA'S SPECIFIC USE AND ALLOCATION OF NHTF FUNDS

- ❖ ADFA will administer the NHTF program to provide funds to develop new construction or rehabilitate existing structures to create decent, safe, and sanitary rental housing, primarily targeting a specific underserved group: The ELI population in Arkansas.
- ❖ Preference will be given to ELI Veterans
 - With special needs,
 - Who are homeless or may become homeless,

- With mental health issues, and/or
- Who are leaving correctional facilities.
- ❖ Preference will also be given to surviving spouses of deceased Veterans.

GENERAL HOUSING TRUST FUNDS REQUIREMENTS

- ❖ Where economically feasible, applicants will have an opportunity to compete for funding to address their unmet rental housing needs. ADFA has established certain basic housing requirements to be used in the allocation of NHTFs, which are found in the Scoring Matrix:

ELIGIBLE ACTIVITIES

- ❖ Eligible activities must comply with the requirements of **24 CFR Parts 93.200, 93.201 and 93.301.**
 - Under 24 CFR 93.200, HTF funds may be used for the production of affordable housing and rental housing.
 - Under 24 CFR 93.201, HTF funds may be used to pay eligible costs, such as development hard costs, refinancing costs, acquisition costs, and related costs.
 - Under 24 CFR 93.301, new construction and rehabilitation projects must meet all applicable state and local codes, ordinances, zoning requirements and ADFA's Minimum Design Standards (MDS).
- ❖ ADFA permits and encourages applicants to exceed these MDS project standards.
 - <http://adfa.arkansas.gov>.

ELIGIBLE RECIPIENTS

- ❖ Under 24 CFR §93.2, a Recipient is defined as an organization, agency, or other entity (including a public housing agency, or a for-profit entity or a nonprofit entity) that receives NHTF assistance from a grantee as an owner or developer to carry out an NHTF-assisted project.
- ❖ In order to qualify as a Recipient of NHTF funds under 24 CFR 93.2, the entity must meet four requirements. These requirements state that a Recipient must
 - Make acceptable assurances to the grantee that it will comply with the requirements of the NHTF program during the entire period that begins upon selection of the recipient to receive NHTF funds, and ending upon the conclusion of all NHTF-funded activities,
 - Demonstrate the ability and financial capacity to undertake, comply, and manage the eligible activity,
 - Demonstrate its familiarity with the requirements of other Federal, State, or local housing programs that may be used in conjunction with

- NHTF funds to ensure compliance with all applicable requirements and regulations of such programs, and
- Have demonstrated experience and capacity to conduct an eligible NHTF activity as evidenced by its ability to
 - Own or construct, and manage and operate an affordable multifamily rental housing development; or
 - Design or construct, and market affordable housing for homeownership.
 - Provide forms of assistance, such as down payments, closing costs, or interest rate buy downs for purchasers.
 - ❖ When selecting eligible recipients, ADFA will measure these requirements per methods listed in the Scoring Matrix and per documents submitted with the application.
 - ❖ No NHTF application will be processed for any applicant or related entity which is not in good standing with
 - ADFA and any other State housing finance authority,
 - The Arkansas Economic Development Commission (AEDC),
 - HUD and/or
 - USDA Rural Development.
 - ❖ An applicant can be denied consideration of the NHTF funds under Arkansas's NHTF Program if the applicant or its related parties have a history of payment delinquencies, bankruptcy, foreclosure or activities determined to be unsound or unlawful.
 - ❖ ADFA will distribute NHTF by directly selecting applications submitted from eligible recipients and will not use sub-grantees.
 - ❖ The Development Team is the applicant, consultant, contractor, architect, accountant, property manager, and attorney who will work to facilitate the construction of new rental housing (single family, assisted living units, or multi-family units).
 - ❖ Under Title 38 of the Code of Federal Regulations, a Veteran is defined as a person who served in the active military, naval, or air service, and who was discharged or released therefrom under conditions other than dishonorable.
 - ❖
 - ❖ 24 CFR 93.350 requires that the recipient put affirmative marketing in place to attract eligible persons "without regard to race, color, national origin, sex, religion, family status, or disability." ADFA will ensure the recipient's compliance with this regulation by requiring that each application package to ADFA include the HUD Form 935.2A, which outlines the Development Team's Affirmative Fair Marketing Plan and their staff's Fair Housing training accomplishments.
 - ❖ The Development Team's property manager will ensure compliance with 24 CFR 93.303(d)(3), which requires that the nondiscrimination provisions of 24 CFR 93.350

(listed above) be followed.

- ❖ ADFA will award NHTF funds as forgivable grants to recipients whose proposed developments are approved for funding. The NHTF grant will remain a forgivable grant, as long as the development remains in compliance with NHTF and ADFA requirements for the entire affordability period of thirty (30) years.

MAXIMUM PER-UNIT DEVELOPMENT SUBSIDY LIMITS

- ❖ As the administrator of the Low-Income Housing Tax Credit and HOME funds, ADFA determines the “Reasonableness of Project Costs”—both hard and soft costs—annually by comparing aggregate cost data based on all applications received compared to historical cost certification data of completed projects and current cost data provided by ADFA third-party construction consultant reports. ADFA has used the same methodology in determining the maximum per-unit development subsidy limit for housing assisted with NHTF funds for all areas of State.
- ❖ No single recipient may receive more than \$1,000,000.00; however, ADFA has the right to waive this per-recipient allocation cap.
- ❖ Per-Unit Costs is calculated by dividing the total development costs by the total number of units. The maximum Per Unit Development Subsidy Limit is adjusted every two years through ADFA’s Administrative Procedures Act, Arkansas Code Annotated Sections 25-15-201 et seq., also known as the “APA” process. ADFA’s maximum costs limits are deemed reasonable, based on actual costs, and adjusted at time of staff underwriting for the number of bedrooms and geographic location of the project.

Maximum Cost Per-Unit and Minimum Area Requirements

Property Type	#Bedrooms	#Baths	Min. Bedroom Net Area	MAX Cost Per- Unit
Rental Unit	3-4	2	120 sq. ft.	\$151,000
Rental Unit	1-2	1-2	120 sq. ft.	\$120,000
SFD	3-4	2	120 sq. ft.	\$162,000
SFD	2	1-2	120 sq. ft.	\$140,000
Assisted Living	1	1	120 sq. ft.	\$179,000

Unit areas do not include outside storage, covered porches, patios, balconies, etc.

- ❖ At time of ADFA underwriting of each application, the costs are thoroughly reviewed and adjusted for under-estimates or excessive costs. ADFA uses discretion to determine reasonableness of all costs stated in the proposed development budget regardless of whether the costs per-unit comply with the maximum costs per-unit limitation set forth

above. ADFA may, within its discretion, deny applications based upon the unreasonableness of costs, regardless of whether the costs per-unit complies with the maximum costs per-unit limitation set forth above. Upon request by ADFA staff, applicants may provide justification and supporting documentation of costs. ADFA will review the items submitted and make a final determination. ADFA's determination will be set forth in writing as to whether the application will be further considered or rejected.

- ❖ Based on the example below, approximately 17 units could be developed through allocation of \$3,000,000.00 by ADFA:

MINIMUM NUMBER OF PROPOSED UNITS

- ❖ A single proposed multi-family development may not contain less than four (4) units designated and reserved for ELI households.

APPLICATION PROCESS

- ❖ ADFA will evaluate each application to determine which projects should receive an award of NHTF funds. All applicants must submit an application, with supporting documentation, including evidence sufficient to ADFA that the applicant's proposed project at minimum meets all of the housing priority factors in order to be considered for funding.
 - Link for application is at: <http://adfa.arkansas.gov/lihtc-application>
- ❖ ADFA may conduct a site visit(s) to inspect the proposed project site(s) and/or consult with a third party for professional services in evaluating each application requesting NHTF funds. To facilitate the evaluation process, all applicants must complete the following basic steps:
- ❖ All required ADFA-provided forms may be found at <http://adfa.arkansas.gov/lihtc-application>. All ADFA-provided forms should be submitted with original signatures, legible and all applicable spaces fully completed, and with all required third-party documents. ADFA will post the NHTF application checklist and instructions for the complete list of required documents as provided at www.ADFA.arkansas.gov prior to the beginning of the application cycle.
- ❖ All applicants must comply in all respects with ASTM E1527-13 (the "ASTM Standards") as to content and adhere to ADFA's Environmental Policy Requirements for purposes of determining whether the property is environmentally suitable for construction of residential housing.
- ❖ After the initial review, each applicant will be contacted via e-mail regarding any missing or incomplete items or documents. Upon notice, applicants must submit all missing and/or incomplete items or documents in order to be considered for funding.
- ❖ The application must demonstrate that the project is an eligible activity under this

NHTF plan and meets basic occupancy and rent restrictions required of NHTF regulations. The rental housing units must be under common ownership, deed, financing and property management.

- ❖ The application must also demonstrate that the project is financially feasible and is sustainable for the thirty (30) year affordability period with ADFA's requirements and the NHTF Regulations.

ADFA HOUSING PRIORITIES AND SCORING CRITERIA

- ❖ Funds will be awarded based on the application (at a minimum) meeting the general NHTF requirements listed above and the total score of the application. Once ADFA has determined that the application meets or exceeds all requirements, ADFA will award funds to highest-scoring project until all NHTF funds have been allocated. There is no minimum score.
- ❖ ADFA's selection of Eligible Recipients will be based upon those applicants achieving the highest scores, and awarded in that order, until funds are depleted. The reviewing underwriter will score each application, using the Scoring Matrix.
- ❖ ADFA reserves the right to deny an NHTF allocation to any applicant or project, regardless of that applicant's point ranking if, in ADFA's sole determination, the applicant's proposed project is not financially feasible or viable. Regardless of strict numerical ranking, the scoring does not operate to vest in an applicant or project any right of allocation in NHTF funds in any amount. ADFA will in all instances reserve and allocate NHTF funds consistent with sound and reasonable judgment, prudent business practices and the exercise of its inherent discretion.

BARRIERS TO ADDRESSING THE ELI POPULATION

- ❖ Various obstacles to addressing the targeted ELI population exist across Arkansas. In the rural counties, transportation is a major issue. The shortage of affordable permanent housing, job loss, unemployment, lack of education, and the lack of affordable healthcare are all barriers to the ELI population to access affordable housing.
- ❖ It will be very challenging for developments to be successful in reaching specific ELI populations, areas of extremely high ELI households and remain economically feasible for thirty (30) years. ADFA will work with every applicant and respective stakeholder (mental health and physical health service providers, Veterans advocates and groups, non-profits and local governments) to be proactive toward providing additional funding sources and incentives as available; helping to remove regulatory and discriminatory barriers; and seeking experienced development partners to assist in creating housing solutions for ELI households. Our multi-

family and HOME underwriters are open to calls to assist with the application, and our compliance department holds regular technical assistance trainings.

COMPLIANCE WITH NHTF REGULATIONS

- ❖ Each eligible recipient must certify that housing units assisted with NHTF funds will comply with all NHTF requirements. The certification must include:
 - The number of units in an NHTF-assisted project by income group: ELI, VLI, moderate income and above moderate income; and
 - A Statement declaring that all tenants of an NHTF-assisted development meet the income limits as required by relevant program guidelines; and
 - A Statement declaring that recipient will comply with rent limits, determined to be no more than thirty percent (30%) of the area median income.
- ❖ ADFA staff will monitor each NHTF project on-site at least once prior to the completion of the project and at least once every three years through the entire affordability period. ADFA will review for compliance with the NHTF Plan, eligibility requirements, housing construction standards (24 CFR 93.301), rent reasonableness, affirmative outreach (24 CFR 93.350), tenant protections and selection (24 CFR 93.303), fair housing and financial management. ADFA Project Compliance Guidelines may be found at: <http://adfa.arkansas.gov>.
- ❖ After each monitoring visit, written correspondence will be sent to the NHTF recipient describing the results of the review in sufficient detail to clearly describe the areas that were covered and the basis for any conclusions reached. Monitoring determinations will range from “acceptable” to “findings” with appropriate corrective measures imposed. Corrective measures may include certifications that inadequacies will be resolved, documentary evidence that corrective actions have been instituted or reimbursement of disallowed costs.

PERFORMANCE GOALS

- ❖ ADFA's goal in administering the NHTF program is the new construction or rehabilitation of decent, safe, and sanitary rental housing, primarily targeting a specific underserved group: The ELI Veteran population in Arkansas.
- ❖ Preference will be given to ELI Veterans
 - With special needs,
 - Who are homeless or may become homeless,
 - With mental health issues, and/or
 - Who are leaving correctional facilities.
- ❖ Preference will also be given to surviving spouses of deceased Veterans.

- ❖ Recipients will develop performance goals that best quantify the NHTF developments' impact for their local areas' ELI households. Performance goals specific to the specific geographic area will be evaluated to determine if the NHTF goals have been achieved.

National Housing Trust Fund Program

May 2019 NHTF NOFA

This page left blank intentionally.

I. OVERVIEW

The Arkansas Development Finance Authority ("ADFA") hereby notifies interested Applicants of the availability of funds allocated from the National Housing Trust Fund Program ("NHTF"). The availability and use of these funds is subject to Federal NHTF regulations (See 24 CFR Part 93) and any amendments..

Additional NHTF information may also be found at the following link:

<https://adfa.arkansas.gov/files/>

In releasing this Notice of Funding Availability ("NOFA"), ADFA's goal is to facilitate the production of affordable rental housing in Arkansas, specifically for households who meet the HUD Income Guidelines for Extremely Low-Income ("ELI"). To meet this goal, ADFA will provide grants to Recipients.

Funds will be awarded to successful Applicants who will act as Recipient for ADFA NHTF funded projects. Applicants will carry out services listed in Exhibit A (See "Scope of Services and Requirements").

Applicant questions must be directed in to Lori.Brockway@adfa.arkansas.gov.

II. AMOUNT OF FUNDS AVAILABLE FOR AWARD

Approximately Six Million Five Hundred Thousand Dollars (\$6,500,000) will be available under this NOFA. ADFA reserves the right to fund, in whole, or in part, any, all, or none of the applications submitted in response to this NOFA.

III. MAXIMUM AMOUNTS OF NHTF FUNDS PER DEVELOPMENT

No single Recipient may receive more than One Million Dollars (\$1,000,000); however, ADFA has the right to waive this per-Recipient allocation cap. ADFA's award of funds will be subject to subsidy layering guidelines and underwriting criteria to ensure the project's success.

IV. NATIONAL HOUSING TRUST FUNDS REQUIREMENTS

ADFA's NHTF Plan seeks to ensure that, where economically feasible, applicants will have an opportunity to compete for funding to address unmet rental housing needs. ADFA has established certain basic housing requirements to be used in the allocation of NHTF funds.

1. Geographic Diversity: ADFA anticipates allocating available NHTF funds to expand the ELI and ELI Veteran rental housing supply located throughout Arkansas in areas near VA Medical Facilities/Hospitals, VA Support Services, and urban areas where employers are more concentrated and more likely to offer jobs to Veterans first.
2. Applicant Capacity: Consideration will be given to the ability of the Applicant to undertake and complete the construction of the proposed type of housing in a timely manner. The applicant must have the financial capacity to complete the proposed development and must provide a list of experienced development team members such as a general contractor, architect, property manager and legal counsel.
3. Rental Assistance: Due to the targeted population of ELI households, the ability to secure rental assistance so that rents are affordable to ELI families will be a major factor in the success of any proposed development.
4. Duration of Affordability Period: All NHTF rental units must have affordability requirements for a minimum of thirty (30) years. The Development Team must demonstrate strength to enforce the affordability period.
5. Housing Needs of the State: ADFA has identified a housing need for ELI households and ELI Veterans. Per the Veterans Data Central website, (www.veteransdata.info) in 2015, there were 229,261 Veterans in Arkansas, representing 10.3% of the Arkansas population. Of those, 7.3% are unemployed, 8.8% live in poverty, 19.8% have a service-connected disability rating, and 456 are homeless.
6. Leveraging: The applicant should provide additional sources of funds such as other soft funds for construction, permanent financing and/or operating expenses.

Annual Update to the Five-Year Consolidated Plan Public Hearing
Arkansas State Library, Little Rock, Arkansas
April 11, 2019

A Public Hearing was held April 11th, at the Arkansas State Library - Bessie Moore Room, in Little Rock, with 20 people in attendance. The purpose of the hearing was to provide information and obtain public comments regarding the allocation of funds from the United States Department of Housing and Urban Development (HUD) for the 2019 program year as part of the Annual Update to the Five-Year Consolidated Plan.

Arkansas Economic Development Commission Grants Division Director Jean Noble called the hearing to order at 10:35, welcomed participants and expressed appreciation for their attendance. Ms. Noble explained the purpose of the meeting and the state's proposed allocation of approximately \$26 million in funds for the Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), National Housing Trust Fund (NHTF), Emergency Solutions Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA), for the next program year beginning July 1, 2019. The funds are administered by the Arkansas Economic Development Commission (AEDC), Arkansas Development Finance Authority (ADFA), Arkansas Department of Human Services (DHS), and Arkansas Department of Health (ADH), respectively.

Jean Noble, AEDC, gave an overview of the CDBG program. CDBG grants are targeted to cities and counties in Arkansas with a population of under 50,000 with a low- to moderate-income (LMI) of at least 51 percent. All cities and counties are eligible with the exception of the 13 entitlement cities that receive their own allocation from HUD. CDBG funds are divided into specific set-asides, which include Economic Development, Water/Wastewater, Rural Services, General Assistance, and Administration and Technical Assistance. Projects funded in the past include, but are not limited to, economic development; water/wastewater projects; rural fire protection; senior citizen, child care, and community centers; and other general public facility and infrastructure projects. Ms. Noble stated the allocation amounts for the 2019 program year had not been released but were expected to remain about the same as 2018.

Bob Hunt, ADFA, gave an overview of the HOME program which provides formula grants communities use – often in partnership with local nonprofit groups - to fund a wide range of activities including building, buying, and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low-income people. The block grant was designed exclusively to create affordable housing for low-income households. Eligible applicants include cities, counties, nonprofits, and for profit organizations. Eligible activities funded through HOME include, Community Housing Development Organization (CHDO), tenant-based rental assistance (TBRA), purchase assistance, rental housing, rehabilitation, and rental rehabilitation. Mr. Hunt stated the allocations for the 2019 program year had not been released but were expected to remain about the same as 2018.

Virginia Wright, ADFA, gave an overview of the NHTF program. The purpose of NHTF is to provide for decent, safe, and sanitary rental housing for Extremely Low-Income (ELI) Arkansas

Veterans. ELI is defined as households with incomes of 30% of the area median income (AMI) or below the poverty line (whichever is greater). Preference will be given to ELI veterans with special needs, homeless or may become homeless, with mental health issues, and/or leaving correctional facilities. ADFA was awarded \$3,000,000 for 2016, 2017 and 2018 each, for a total of \$9,000,000. ADFA is in the process of applying for an additional \$3,000,000 for program year 2019.

Lori Williams, DHS, Office of Community Services, presented the ESG program. The program is designed to help improve the quality of existing emergency shelters for the homeless, to make available additional shelters, to meet the cost of operating shelters, and provide essential social services to homeless individuals, and to help prevent homelessness. ESG funds are distributed statewide to nonprofit organizations that develop and operate homeless shelters and provide supportive services to homeless persons. Eligible activities include: Street Outreach, Emergency Shelter, Homelessness Prevention, Rapid Re-Housing, and Homeless Management Information Systems. Ms. Williams stated the allocation for the 2019 program year had not been released but was expected to remain about the same as 2018.

Sarah Purdiman, ADH, presented the HOPWA program. The program provides housing assistance that works in partnership with community non-profit organizations, called project sponsors, in managing funds for HIV/AIDS programs. Funds may be used for direct housing and utility subsidy, as well as complementary support services. Core activities include: Tenant-Based Rental Assistance; Short-Term Rent, Mortgage, and Utility (STRMU) assistance; Permanent Housing Placement (PHP); and Service Coordination/Support Services. The state provides services in 74 of Arkansas's 75 counties. Crittenden County is covered as part of the Memphis Eligible Metropolitan Statistical Area. The Northeast Arkansas Regional AIDS Network (NARAN) and the City of Pine Bluff Housing Authority (PBHA) are the current contracted project sponsors. Ms. Purdiman stated the allocation for the 2019 program year had not been released but was expected to be about the same as 2018.

Jean Noble opened the hearing up for comments. Two questions were asked concerning CDBG and NHTF programs. One public comment was made concerning the Annual Action Plan.

Stephen Lagasse, Community Programs Director, United States Department of Agriculture - Rural Development (USDA RD), wanted to express his support for the Water/Wastewater, General Assistance, and Rural Services line items of the CDBG program. USDA RD with the help of AEDC and CDBG grants, have been able to co-fund many projects through the years. There are still many unmet needs in water/wastewater public infrastructure projects.

With no further comments, Jean Noble thanked everyone for attending the public hearing and reminded them if they had additional questions or comments concerning any of the programs

Jean recognized Jimmy Harris from Senator John Boozman's office and thanked him for attending.

Specific Community Development Block Grant Certifications

The State certifies that:

Citizen Participation -- It is following a detailed citizen participation plan that satisfies the requirements of 24 CFR §91.115 and each unit of general local government that receives assistance from the State is following a detailed citizen participation plan that satisfies the requirements of 24 CFR §570.486.

Consultation with Local Governments --

1. It has consulted with affected units of local government in the nonentitlement area of the State in determining the method of distribution of funding;
2. It engages in or will engage in planning for community development activities;
3. It provides or will provide technical assistance to units of local government in connection with community development programs; and
4. It will not refuse to distribute funds to any unit of general local government on the basis of the particular eligible activity selected by the unit of general local government to meet its community development needs, except that a State is not prevented from establishing priorities in distributing funding on the basis of the activities selected.

Local Needs Identification -- It will require each unit of general local government to be funded to identify its community development and housing needs, including the needs of low-income and moderate-income families, and the activities to be undertaken to meet these needs.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available.
2. Overall Benefit. In the aggregate, not less than 70 percent of the CDBG funds, including Section 108 guaranteed loans, received by the State during the following fiscal year(s) 2018-2020 [a period designated by the State of one, two, or three specific consecutive fiscal year(s)] will be used for activities that benefit persons of low and moderate income.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG Funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It will require units of general local government that receive CDBG funds to certify that they have adopted and are enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Compliance with Laws -- It will comply with applicable laws.

Emergency Solutions Grant Certifications

Each State that seeks funding under the Emergency Solutions Grants Program must provide the following certifications:

Matching Funds – The State will obtain any matching amounts required under 24 CFR 576.201 in a manner so that its subrecipients that are least capable of providing matching amounts receive the benefit of the exception under 24 CFR 576.201(a)(2).

Discharge Policy – The State will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

Confidentiality – The State will develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

The State will ensure that its subrecipients comply with the following criteria:

Major rehabilitation/conversion/renovation – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the building will be maintained as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation. If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the building will be maintained as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion. In all other cases where ESG funds are used for renovation, the building will be maintained as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – If ESG funds are used for shelter operations or essential services related to street outreach or emergency shelter, the subrecipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the applicant serves the same type of persons (e.g., families with children, unaccompanied youth, veterans, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The subrecipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living), and other Federal, State, local, and private assistance available for such individuals.

Homeless Persons Involvement – To the maximum extent practicable, the subrecipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under ESG, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted ESG.

Consolidated Plan – All activities the subrecipient undertakes with assistance under ESG are consistent with the State’s current HUD-approved consolidated plan.
