This information has been reproduced from the World Trade Atlas: Extra Data Field Section, published by Global Trade Information Services. The Extra Data Field Section of the World Trade Atlas is the official source of State export data utilizing the Harmonized Tariff Schedule (HTS). It was developed in cooperation with the U.S. Bureau of Census and contains up-to-date State data by origin of movement into the export market. The Harmonized Tariff Schedule is based on the international Harmonized System, the global classification system that is used to describe most world trade in goods.

Note: Chart values may not add due to rounding.
